

**- PRESS RELEASE -**  
**Clermont County Public Library**

326 Broadway Street • Batavia, OH 45103

**For Immediate Release: January 12, 2006**

**February is Library Lover's Month @ Your Library**

*Clermont County Public Library Celebrates with Chances To Win Sweet Prize*

February is Library Lover's Month at Clermont County Public Library (CCPL). Library Lover's Month is a month-long celebration of public, school and private libraries of all types. This is a time for everyone to recognize the important role libraries play in the cultural and economic success of local communities and the nation as a whole.

Clermont County Public Library is celebrating Library Lover's Month by offering library customers a chance to win a sweet prize. During the month of February, read or listen to a romantic book or watch a romantic movie, and receive a chance to win a box of chocolates from CCPL.

It's easy to get your name in the drawing for a one-pound box of chocolates. After you enjoy reading a romantic book or watching a romantic movie, stop in one of the library branches to fill out your entry form. Each branch will draw one winner on March 1. You can enter more than once, so romance lovers can enjoy books and movies all month long.

Whether you depend on the library for bestselling books, children's storytimes or access to computers and the Internet, there are many ways to show how much you love your library this month – and throughout the year.

**Volunteer/Be A Friend**

Join the Friends Group at one of the 10 branches of CCPL and enjoy working with volunteers who provide fundraising and other assistance to the library. As a member, you will be involved in important activities and issues that support the library, including used book sales. In addition to the Friends Groups, there are other interesting and fulfilling volunteer opportunities at your library.

Library Lover's Continued

## **Make A Donation**

Your library can benefit from your time, expertise, and monetary donations. Gifts and memorials are tax-deductible, and can be an enduring tribute honoring or remembering a special person or occasion. CCPL has many programs that will benefit from your support including:

- Adopt-A-Magazine: Help keep up current subscriptions or add new ones
- Adopt-An-Author: Books by your favorite author can be added to the library collection
- Give to the Clermont County Public Library Builder's Fund, part of the Clermont County Family of Funds from The Greater Cincinnati Foundation

## **Promote Your Library**

Talk about your library to friends and colleagues. When you have an opportunity, share your experiences as a library user, and urge others to take advantage of the wealth of information and programs available at CCPL. Let your local, state and federal officials know that your library is an important community resource. Ask for their support in continued funding for public libraries.

For more information about Library Lover's Month or about other ways to support your public library, visit one of CCPL's 10 branches, or the website at [www.clermont.lib.oh.us](http://www.clermont.lib.oh.us)
