**Clermont County Public Library and *Woman's Day* Want to Know  
How the Library Has Changed Your Life**

Libraries can change lives. They are places of lifelong learning and opportunity that can help people discover the world.

This spring, the Clermont County Public Library, the American Library Association and *Woman's Day* magazine want to know how the library has changed the lives of the people in our community. From now until May 10, anyone who has a story to tell about how the library has changed his or her life can send it to [womansday@ala.org](mailto:womansday@ala.org). Four of the stories will be featured in an upcoming issue of *Woman's Day*. The story must be 700 words or less.

The initiative is part of a program sponsored by the American Library Association and *Woman's Day* magazine called "Put it in Writing @ your library," a part of The Campaign for America's Libraries. The Campaign is a multi-year public awareness and advocacy campaign designed to promote the value of public, school, academic and special libraries and librarians in the 21st century.
