Adopt-A-Magazine

Magazine subscriptions are expensive, but important to having a full-service library for everyone to enjoy. You can help the Clermont County Public Library to keep up current subscriptions or add new ones by “adopting” a magazine.

It’s easy to do. Just ask at the desk of any of the branches for details. Adopt-A-Magazine is a unique way to support the library, as well as honor a friend, relative, community organization, or yourself. If you sponsor a magazine, your generosity will be rewarded with a nameplate placed on the shelf with the publication. It’s tax deductible, and may be renewed annually.

The library has a list of magazines waiting for adoption, and they are open to suggestions for new subscriptions. Individuals, businesses or organizations are all welcome to donate.
